Rome Meeting is Resounding Success

More than 70 Alumni, including the AAI Board and founding-alumni of AIESEC Italy were present at the **International Alumni Conference** in Rome on 22nd–24th Feb.

The setting was idyllic, the logistics well organised, and the atmosphere upbeat. The meeting was a huge success, with enriching workshops and discussions, a demonstration of "[MyAiesec.Net for Alumni](#)", as well as powerful re-connecting and networking moments.

AI and AAI also facilitated a session discussing global Alumni Principles, with representation from Alumni Association in Belgium, France, Germany, India, Indonesia, Italy, Japan, Morocco and USA.

A closer look at the meeting agenda, output, attendees and photos is available [here](#).

At the parallel **International Presidents' Meeting**, AIESEC leaders from more than 100 countries and territories gathered to define their global priorities and to elect a new leadership body. AAI extends our heartiest congratulations to **Aman Jain**, President-elect of AIESEC International 2009-2010! Details of the student event, including agenda and election speeches, are available [here](#).

Congratulations to AIESEC Alumni Guatemala!

It gives us great pleasure to announce that AIESEC Alumni Guatemala was founded on 24th January 2009, with Maria Pivaral as its first President.

Guatemala joins Argentina, Bolivia, Colombia, Chile, Panamá and Puerto Rico as Latin American countries with a national AIESEC alumni association.
