AIESEC Alumni & Members Return from Antarctic Expedition

9 AIESEC members and alumni were part of an international delegation which recently went on an eleven-day expedition to Antarctica.

Guided along the Antarctic seas and ice by an experienced polar team, the expedition provided a rare opportunity to experience the issues of energy and climate in this unique and challenging setting. The expedition also provided a forum to compare ideas, forge new friendships and plan for collaborative action. Photos and diary accounts are available [here](#).
