AIIESEC-INDIA ALUMNI MEETING HYDERABAD 2010

Alongside AIESEC's International Congress (IC) held this year in Hyderabad, India, the alumni of India under the sponsorship of AAA-India organized a get-together which was widely attended by over one hundred Indian alumni as well as some non-Indian nationals now residing in India plus a few foreign alumni who came to the event for this occasion. Altogether there were close to 150 participants and the atmosphere was excellent, highly participative and truly in the traditional AIESEC spirit. Old friends were seen again and new acquaintances were made.

The Alumni gathering started on the Friday August 27 with a reception dinner and followed on the Saturday with presentations by alumni and external guests on business issues, including highly entrepreneurial ventures, which retained the attention of all. In addition the current **President of AIESEC International (PAI) – the Portuguese Hugo Pereira** – gave the “State of the Union” reporting on the exceptional evolution of AIESEC in the recent past as well as on the guidelines for the coming five-year plan - 2010/2015. Alumni were delighted to learn that the Association continues to grow and strengthen since the days we “moved

on”. In addition Hugo impressed on the audience the importance that alumni will play in the implementation of the future strategy being discussed and to be subsequently approved by Global Plenary.

On the Saturday evening alumni were invited to the IC's venue so as to witness the Hall of Fame ceremony where numerous leaders were recognized for their performance, conduct and social contribution to AIESEC. Among the awardees a number of alumni were included, alumni who have become benchmarks of civic and professional behavior vis-à-vis the younger generation.

In particular John Allen, former LCP of AIESEC Yale, former Chairman of the Board of AIESEC-US. He helped start AIESEC in Latin America and China and continues to provide support and counsel to the Association while being a successful international entrepreneur.

The **Norman Barnett & Bharat Bhasin** award, sponsored by AAI alumni, was also given out to reward impactful AIESEC initiatives. The Number One Prize was won by the Taiwan MC for the “Bridging the Gap” project which realized 135 exchanges and reached 100,000 people in communities as well as 50,000 children in rural areas.

Altogether the Hyderabad event was a success both for the International Congress as well as for the Indian Alumni meeting. It clearly reflected that the AIESEC spirit endures irrespective of generational distances.

Let us now prepare ourselves for the next event which is scheduled in Mexico, which will bring together the **AIESEC International Presidents' Meeting (IPM) and the Alumni Meeting**, cosponsored and organized by AAI and the AA-IB (Ibero America).

See you all there!
