

**Dear Members and Friends of AIESEC Alumni International,  
Dear Fellows of AIESEC!**

**In just a few weeks from now AIESEC Alumni International (AAI), in collaboration with the AIESEC-MC of Tunisia, will be holding its bi-annual international meeting, coinciding with AIESEC's annual International Presidents Meeting (IPM). The AAI meeting will take place from February 19th to 21st, 2010 followed by a Study Tour in the desert.**

This is an exceptional occasion for alumni from different countries, generations and backgrounds to get together so as to reacquaint with old contacts and make new friends. The setting where we will be hosted is quite exceptional in terms of comfort, convenience and facilities. So attractive that many participants plan to come with families and prolong their stay into a vacation.

We plan to have working sessions allowing us to network among ourselves so as to develop new relations of a personal and/or professional nature. In addition, we will invite leading figures of the economic and political environments who will allow us to better understand the role that Tunisia is playing within the world scene.

While the AAI meetings will be conducted in parallel with the IPM sessions, there will be occasions where the alumni and student bodies will cross.

In fact, the leadership of AIESEC International (AI) - the Rotterdam-based Permanent Secretariat of the Association - will make a presentation to the Alumni on the current state of AIESEC, its goals for their present term of office as well as the longer term objective of the Association. In this manner alumni will be informed on the evolution of the Association to which we have all dedicated so much of our time and devotion.

This is clearly an event that should not be missed. As alumni we want to maintain the links and culture which we developed and absorbed during our student days. We aspire to maintain contact with the Association which impacted so strongly in our future personal and professional lives. We want to know how we can continue contributing to AIESEC as the institution which largely shaped our lives. We desire to plunge yet again into the spirit, joy and friendship which have dominated all AIESEC events, whether the partying, singing, dancing ..... and the fun!

Hammamet February 2010 is the exceptional opportunity to fulfill these personal, professional and nostalgic objectives. Come and register for this well organized event, hosted in one of the most beautiful places on the Mediterranean where you will find old friends and meet new ones.

**AIESEC exists, AIESEC is thriving, our impact remains visible and our presence in Hammamet will highlight our continued commitment. See you all soon again!**

**Victor H. Loewenstein  
President 2009/2010  
AIESEC Alumni International**
